

Invoice Central - We're making our invoice process easier for you

Invoice Central is a secure web service where B2B bill recipients can receive and pay invoices from many of their vendors. With Invoice Central, you no longer need to visit multiple websites to pay multiple vendor invoices or endure the time-consuming process of writing and mailing paper checks.

Here is what you can expect from Invoice Central:

- ~ FREE on-line system that allows you to receive, manage, store and save invoices from many of your vendors
- ~ One password, one site
- ~ Invoices can't get lost or misplaced
- ~ Set up personalized payment schedules
- ~ Set up reminders
- ~ Receive a daily invoice summary email
- ~ Download everything directly into your accounting software
- ~ Share information with your superiors through the "Cloud"
