Revere Electric is.....

- Fourth Generation, Family Owned Business
- Full-Line Electrical Distributor
- Local Market Leader with National Influence
- Revere Electric, Holt Electric and Complete Industrial
- Serving Northern and Central Illinois, Milwaukee and Surrounding Milwaukee Counties

Differentiating Ourselves from Traditional Electrical Distributors:

- 100 Years Combined Experience
- Senior Management with 171 Cumulative Years of Industry Experience
- 4 Regional Warehouses
- Exclusive Rockwell Automation Franchise Since 1935
- Representation of over 300+ Premier Electrical Suppliers
- Full Electronic Data Interchange (EDI) Services
- 20 Million in Local Inventory/97% or Better Fill Rates
- Integrated Supply Capabilities
- Full On-Line Capabilities
- 24 Hour Emergency Support

The Solution Specialists in Factory Automation

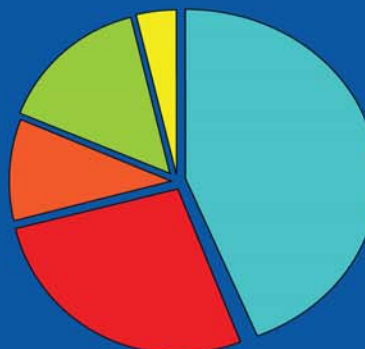

- 25 Product Specialists for Design and Ongoing Application Support
- 35 Field Sales Support Engineers
- 10 Application Support Technicians
- Specialties Include the Design, Application and Support of:
 - PLC/HMI
 - Motion
 - Motor Control Centers
 - Drives and Motors
 - Software
 - Services

5 Locations
4 Regional Warehouses
Chicago, Hartland, Morris and Peru

CUSTOMER BASE - 5000 ACTIVE CUSTOMERS

- Original Equipment Manufacturers
- Maintenance Repair Operations
- Contractors
- System Integrators
- Government

Going Beyond Products, Price and Delivery

PRODUCTS

- Vendor Consolidation
- Alternative Design
- New Technologies
- Supplier Conversion

SOLUTIONS

- Green & Sustainability
- Safety Solutions
- Technical Support
- Special Packaging
- Carting
- New Technology
- Alternative Design

SERVICES

- Arc Flash
- Revere's Inventory Mgmt Solutions
- Bin Stocking
- Integrated Supply
- Design Application Support

MVP Platinum Partners

Provides quality automation products that fit into a cost effective, result based solution. A Rockwell solution is guaranteed to help you remain compliant, efficient and profitable.

A Pentair Company

Designs and manufactures enclosure systems that safely and reliably protect the electronic controls and mission critical electrical systems in your application.

Wiring Device-Kellems

A leading manufacturer of quality, diversified products such as switches, straight blade devices, raceway, fire-rated poke-throughs, hospital products, H-Moss® occupancy sensors, wallplates and Hubbell Safety Evaluations.

Productivity Through Protection™

Productivity through protection is Bussmann's motto. Their expertise lies in electrical and electronics circuit, overcurrent and surge protection products and services: power fuses, blocks and holders, disconnects, wire connection products, magnetics, breakers and the Cooper InVision downtime reduction system.

Regardless of your industry, the performance of your physical infrastructure is critical to your success. PANDUIT applies their extensive networking and electrical expertise to solve your toughest business challenges with real-world solutions.

Offering a comprehensive product line with fittings, enclosures, apparatus and industrial motor controls, signals and alarms, industrial lighting and plugs, receptacles and intrinsically safe equipment.

Green and Sustainability is meeting the needs of today without compromising the natural resources that will be needed for tomorrow. Everyone can contribute to the "Green" movement. Let us help you improve your carbon footprint by providing solutions that will conserve energy, reduce waste and help keep our world clean.

Lighting

Recycling

Electrical

Revere's Inventory Management Solutions(RIMS) is an all encompassing, fully customizable inventory management program that can be simple or intricate, depending on your needs. Common solutions include:

Kitting

Storeroom Management

(Before and After Photos)

Carting

Achieving and maintaining safety compliance regulations can be a challenge. Revere's Safety Solution Specialists are committed to protecting your investments through our various safety offerings:

- Machine Safety
- Personal Safety
- Risk Assessments
- Safety Audits and Consulting
- Arc Flash Studies

Leading with Rockwell's PlantPAx, our process offerings have evolved into a complete process automation system, from control and information, to asset management, field device integration and critical process control and safety. In addition to Rockwell we can offer various solutions from Exlar, MegAlert, Crouse-Hinds and others.

The safety of our drinking water and using responsible ways to treat, manage and reclaim wastewater are critical issues in today's environmentally sensitive world. Revere Electric is aware of these issues and offer products that will benefit you in the following ways:

- Reduce Engineering Time
- Cut Installation Costs
- Lower Ongoing Maintenance Costs
- Ensures Reliable System Operation
- Decrease Downtime
- Conform to Stringent Industry Requirements

Revere Electric brings you a full line of Motion Control products, AC drives, AC motors, motor repair and services along with mechanical and mechatronic solutions. Our staff of application engineers have over 150 years of combined experience and can offer you the right solution for the right application.

Services that we offer:

- Automation Consultation
- Application Engineering
- Engineering Solutions
- Specification Design and Review
- Servo Sizing
- Ratio Design/Optimization Analysis
- Tolerance Design Analysis
- Efficiency Analysis
- Simulation Design Analysis
- Robotic Solutions
- Inside Technical Support
- On-Site Technical Support
- Automation Audits
